About Scythe: The Wind Gambit

Mankind has long been confined to travel by land and sea, but a new technology has emerged from the greatest minds in Eastern Europa: airships. These steam-driven behemoths sail freely across the sky, aiding their empire's expansion through innovation and confrontation.

As the years pass, the world has come to understand that no single faction will rise above the rest for any span of time. In the hopes of decreasing the conflict and increasing the peace, leaders of Europa begin to gather each year to declare a new way for the factions to resolve their differences.

This expansion to Scythe adds 2 new modules that can be played together or separately at any player count and with either the base game or other Scythe expansions. These modules offer more strategic options without requiring players to use them. We recommend that new players try the core game of Scythe before incorporating this expansion.

Title: Tabletopia - Scythe: The Wind Gambit

Genre: Casual, RPG, Simulation, Strategy

Developer:

Jamey Stegmaier
